

FUND THE NEED

Back again, Bert's Big Adventure will ask the community to help fund the organization's most urgent program needs, experiences for the upcoming trip to Walt Disney World, and more!

Over the past three years, this portion of Noon to Night has funded experiences and needs for children with chronic and terminal illnesses. With your help, we can fund a need or experience for a very deserving child!

\$1500

Sponsors the cost of a family of four to enjoy park passes and wheelchair rentals during our 5-day journey in Walt Disney World.

\$500

Provides a child with a chronic or terminal illness staying at the hospital with visits from Bert's Big Adventure volunteers- every single day. Volunteers bring activities, games, and a warm meal for the family.

\$250

Provides a little girl with a royal head-to-toe transformation. This includes hairstyling, makeup, a princess necklace, a purse, nail polish, a wand, a crown, and most importantly, the princess gown of choice!

\$100

Ensures that every Bert's Big Adventure child and sibling gets to enjoy a private dinner, a meet & greet, photos and autographs with their favorite Disney character.
